# **Did Not Attend Policy**

## **Practice Policy**

Due to an increase in patients failing to attend booked appointments, our practice has introduced a Failure to Attend policy.

This means patients will need to provide a minimum of 2 hours notice to the practice if they need to cancel or reschedule an appointment booked with a Nurse and/or GP at our practice.

## Why do we charge a fee?

Appointments at Advance Medical Practice are 15 minutes in length. If a patient does not attend this appointment without notice, we as a practice may struggle to fill this spot.

This then means a GP or a nurse has lost an income for that particular time. A GP is paid per patient, not for their time spent working.

Implementing a 'Did Not Attend' fee will promote patients to contact the practice to cancel or reschedule, allows us to fit in other patients who require our services.

## First Missed Appointment:

Patients who fail to provide a minimum of 2 hours notice for an appointment will receive an SMS from the practice warning them they have missed an appointment and the next missed appointment will incur in a fee.

## PATIENTS WILL NOT BE CHARGED FOR THIS

#### Second Missed Appointment:

Patients who fail to provide a minimum of 2 hours notice for an appointment following a warning SMS, will receive an SMS regarding a non-refundable fee of \$25.00 per patient. An invoice for this will be generated and sent to the email on their file.

#### **Third Missed Appointment:**

Patients who fail to provide a minimum of 2 hours notice for an appointment following 2 previously missed appointments, will receive an SMS regarding a non-refundable fee of \$55.00 per patient. An invoice for this will be generated and sent to the email on their file.

We thank you for your understanding, Advance Medical Practice
