Appointments take priority. If you require a long consultation, please advise reception when booking the appointment. Patients can call us on 4572 3377 to book, or alternatively click the below link to book on our website:

[www.theamp.com.au](http://www.theamp.com.au) or book via HotDoc.

## Walk-In Service

Advance Medical Practice Pitt Town offers patients the option to walk in and see a doctor. This service means no appointment is booked and the patient comes in and waits for the first available. This is not our preferred way for patients to see a doctor but is an available option. Reception staff CANNOT guarantee waiting times.

## Home Visits

Regular patients of our practice are able to obtain visits in their home, residential aged care facility, residential care facility or hospital, both within and outside normal opening hours where such visits are deemed and reasonable at the doctor's discretion.

## Recalls and Reminder System

Our practice is committed to preventative care. Patients are recalled to our practice for a variety of reasons e.g., abnormal test results & follow up consultations. It is important that your personal information is kept up to date with a current phone number and emergency contact. Patients are requested to inform the Doctor, Nurse or Reception if they choose not to be informed of reminders/recalls (including contact via SMS to my mobile phone number where applicable) so this can be noted on file.

## Communication

Patients can communicate with practice staff through Phone Call, Email, Facebook or a Website enquiry. HotDoc (online booking and recall system) automatically reminds patients of upcoming appointments and results they have at the practice. This is done through HotDoc's internal SMS system.

# Confidentiality

Your medical record is a confidential document. It is the policy of this practice to maintain security of personal health information at all times and to ensure that this information is only available to authorised members of staff. We abide by the strict National Privacy Principles available at:
